What sorts of people are unemployed and why?

How safe are banks?

Should we aim to have no pollution?

Why do wages vary so much?

Are you interested in debating the answers to these sorts of questions? This book is.

Student understanding of economic theory is reinforced throughout this textbook by placing their experiences at the heart of learning. Easy to follow concepts are presented at an appropriate pace, and in a relevant and engaging manner.

Students can easily dip in and out of the material without forfeiting their understanding of topics as a whole through the use of innovative pedagogy such as regular re-cap features and convenient summary sections.

Covering purely the essential topics needed on an introductory economics module, Economics is refreshingly straightforward with concise explanations and clear navigation throughout. Students do not have to waste time and effort wading through superfluous material.

More concise, focused, and affordable than other offerings, this is exactly the textbook students' need.

A truly economical textbook!

From reader reviews:

Harriet White:

The book Economics has a lot of information on it. So when you read this book you can get a lot of benefit. The book was compiled by the very famous author. Mcdougal makes some research prior to write this book. That book very easy to read you may get the point easily after scanning this book.

Timothy Hawkins:

Reading can called thoughts hangout, why? Because if you are reading a book particularly book entitled Economics your thoughts will drift away trough every dimension, wandering in each and every aspect that maybe unknown for but surely can be your mind friends. Imaging every word written in a guide then become one web form conclusion and explanation that will maybe you never get before. The Economics giving you another experience more than blown away the mind but also giving you useful information for your better life in this era. So now let us explain to you the relaxing pattern at this point is your body and mind will be pleased when you are finished reading it, like winning a sport. Do you want to try this extraordinary spending spare time activity?

Kathleen Huckaby:

Is it you who having spare time subsequently spend it whole day through watching television programs or just laying on the bed? Do you need something totally new? This Economics can be the response, oh how comes? The new book you know. You are thus out of date, spending your free time by reading in this completely new era is common not a nerd activity. So what these ebooks have than the others?

Pauline Browne:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some guide, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Economics can make you experience more interested to read.
