## **Planetary Influences & Sojourns** Edgar Cayce

Cayce describes our soul's activities beyond Earth as lifetimes of sojourning in higher dimensions among the planets and stars and goes on to explain how these journeys affect our present life on Earth. The book includes remarkable views into soul life, as Cayce describes the past-life incarnations and in-between-life planetary sojourns for two highly enlightened souls. This content is mind-expanding and soul-lifting. It gives us a view into a life much larger and more meaningful than a single Earth life—and yet, it gives so much importance to our current life and its benefit to our ultimate soul life.
