Two stories intermingle in this conspiracy-filled, science-fiction drama. Twenty-something Gora is out for revenge against a group of scientists that have ruined her career and life. She uses her scientific mind to create "beasts" with her rightfully named Beast Machine. At the same time, middle-aged billionaire Chairman Obelis is trying to figure out a way to use his influence for good, but keeping his personal life closed off to the outside world. Both stories find that humanity has not been in control of its own destiny.
