One family's household has been in a state of disarray because of one small furry problem. Meet Houdini, an extraordinarily brilliant escapologist. No, not *that* Houdini. This one is a hamster. Once you meet him, you will understand that his owners just couldn't name him anything else, for his name is quite fitting. He can escape from anything—a cage or the clutches of a mean cat. While on his escapades, he causes all kinds of trouble from chewing through wires to causing a flood. But Houdini thinks it's all worth it, because he is desperate to explore the great Outdoors. But once he gets out, will he ever come back? Or will this be his final escape?
