## **Witchcraft for Tomorrow** Doreen Valiente

Since the publication of her previous books on witchcraft, Doreen Valiente has received many letters asking -How can I find a witches' coven? How can I become a witch?- This book gives the answers.

It tells you what the old religion of witchcraft has to offer the new age; how the ago-old Craft of the Wise can be practiced in the modern world; how to initiate yourself and start your own coven. The author has been a practicing witch since 1953, and in this book she gives a new Book of Shadows (the witch's handbook of rituals and instructions) based upon ancient magical tradition but geared to present times. Included are spells, incantations, witch songs, and practical advice on how to run a coven and how to acquire your own collection of magical implements.
