This in-depth investigation into the associations of Mohamed Atta and other terrorist pilots in Venice, Florida, as they prepared for the 9/11 attacks discloses that the FBI led a massive postattack cover-up designed to conceal their knowledge of the terrorists' activities. Unreported stories including the assassination attempt on the life of President George W. Bush on the morning of September 11, 2001, and the rampant drug-trafficking of the financier behind the flight school the terrorist pilots attended are fully discussed, with attention to the stunning evidence that the CIA was aware that hundreds of Arab flight students were pouring into southwest Florida. This examination of the conspiracy behind the 9/11 investigation and the CIA complicity in the illegal activities that allowed the known terrorists' activities to continue offers truth behind the "official" story of the attacks.
