Bone and Joint Imaging

Donald L. Resnick, Mark J. Kransdorf

Bone and Joint Imaging Donald L. Resnick, Mark J. Kransdorf

Over 3,800 exquisite images demonstrate every principle and capture the characteristic presentations of the most frequently encountered disorders. The result is a remarkably thorough, yet focused and pragmatic, source of clinical guidance.

The New Edition updates and distills all of the most important content from Dr. Donald Resnick's 5-volume *Diagnosis of Bone and Joint Disorders*, 4th Edition into a single, concise source. Together with new co-editor Mark J. Kransdorf, MD, Dr. Resnick and 38 other distinguished experts zero in on the specific, state-of-the-art musculoskeletal imaging and interpretation knowledge practitioners need today.

- Provides 2,900 outstanding images that depict all important concepts, techniques, and findings.
- Represents a highly efficient review source for oral and written radiology examinations, as well as an indispensable reference tool for clinical practice.
- Covers hot topics such as spinal interventional procedures · cartilage imaging · disorders of muscle · diagnostic ultrasonography · internal derangement of joints · target-area approach to articular disorders · rheumatoid arthritis and related diseases · crystal-induced diseases · sports injuries · MR arthrography · and much more.
- Offers an increased emphasis on MR imaging, an increasingly important and versatile diagnostic modality.
- Presents many new illustrations not found in the *Diagnosis of Bone and Joint Disorders*, 4th Edition 5-volume set.

From reader reviews:

Judith Lucas:

Have you spare time for any day? What do you do when you have much more or little spare time? Sure, you can choose the suitable activity to get spend your time. Any person spent all their spare time to take a wander, shopping, or went to the Mall. How about open or maybe read a book titled Bone and Joint Imaging? Maybe it is for being best activity for you. You realize beside you can spend your time along with your favorite's book, you can cleverer than before. Do you agree with its opinion or you have some other opinion?

Edward Kirklin:

This Bone and Joint Imaging book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is information inside this publication incredible fresh, you will get details which is getting deeper an individual read a lot of information you will get. This particular Bone and Joint Imaging without we recognize teach the one who examining it become critical in imagining and analyzing. Don't end up being worry Bone and Joint Imaging can bring if you are and not make your case space or bookshelves' turn into full because you can have it in the lovely laptop even mobile phone. This Bone and Joint Imaging having excellent arrangement in word along with layout, so you will not feel uninterested in reading.

Clarence Cobb:

Playing with family in a park, coming to see the coastal world or hanging out with friends is thing that usually you could have done when you have spare time, then why you don't try factor that really opposite from that. One particular activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Bone and Joint Imaging, you may enjoy both. It is good combination right, you still desire to miss it? What kind of hang type is it? Oh come on its mind hangout fellas. What? Still don't understand it, oh come on its referred to as reading friends.

Ann Strickland:

Your reading 6th sense will not betray anyone, why because this Bone and Joint Imaging guide written by well-known writer we are excited for well how to make book that may be understand by anyone who have read the book. Written throughout good manner for you, still dripping wet every ideas and creating skill only for eliminate your own hunger then you still uncertainty Bone and Joint Imaging as good book but not only by the cover but also by the content. This is one guide that can break don't assess book by its deal with, so do you still needing one more sixth sense to pick this kind of!/? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.
