Working with Hannah is a unique and detailed snapshot of the first years of schooling for a child with Down's Syndrome and severe mobility and communication problems. Written by two classroom assistants, who supported Hannah during her two and a half years in a mainstream infant school, this book shows how the right level of support can make inclusion a success not only for the child and family but also for the school itself. This practical guide describes the 'hands on' approach of Hannah's day-to-day management in a busy school. Topics covered include:

- *finding a school
- *how the school prepares
- *adapting the curriculum
- *recognising the importance of friendship
- *incorporating therapies into the school day
- *additional aspects of personal and, physical care
- *setting up communication systems.

There are key points at the end of chapters, which highlight the salient aspects and offer practical advice.
