Journeys to the Mythical Past (Earth Chronicles Expeditions)

Zecharia Sitchin

Journeys to the Mythical Past (Earth Chronicles Expeditions) Zecharia Sitchin

The continuing autobiographical account of the investigations and discoveries that led to *The Earth Chronicles* series

- Zecharia Sitchin reveals for the first time how his life was at risk inside the Great Pyramid and documents the existence of a secret chamber
- Reports on Vatican encounters, the Iceman of the Alps, the Antikythera computer, the temples and Ruts of Malta--and offers a solution to the enigma of the Nazca lines

In *Journeys to the Mythical Past*, the sequel to *The Earth Chronicles Expeditions*, the renowned researcher of antiquity Zecharia Sitchin tells his own story of an indefatigable dedication to finding the truth that almost cost him his life--accidentally or otherwise--when uncovering secrets of the Giza pyramids and Sphinx. Exposing hidden artifacts that contradict establishment assumptions dedicated to preserving the status quo or that baffle scientists when forced to show them, Sitchin's firsthand accounts of his explorations take the reader into the inner workings of the Vatican, the enigma of a futuristic computer from millennia ago, and the secret handiwork of a Divine Architect at Stonehenge, at Malta, and at a site in the Americas.

Looking deep into antiquity, Sitchin offers astounding evidence that links the Nazca lines and a baffling adjoining site to the Departure from Earth of the Anunnaki, the ancient gods who, he believes, vowed to Return.
