Boards, Boards, Boards! It's all about the boards that are rocking the Maker world. We're in a gold rush of controllers and mini-computers, putting raw power into your hands and giving you the ability to express whatever your imagination can suggest. What was once the domain of giant electronics manufacturers only a few years ago can now be shipped to you overnight to play with, and help you develop your own amazing projects.

Do you think Arduino is *il migliore*? Do you salivate for a piece of Raspberry Pi? Does your tail wag at the idea of a BeagleBone? In MAKE Volume 36, we're taking a deep dive on the boards that are fueling a new smart device revolution. From workshop hobbyists to the innovators taking accessible technology to new levels, people are hungry for the scoop on this rapidly-iterating field, and if you want to get in front of the smartest makers around, this issue is for you.
