The world's oceans represent the last wild frontier on Earth. While our understanding of life in the ocean is relatively basic, our actions are putting hundreds of species in danger. In this graphic anthology, Matt Dembicki, editor and artist of the award-winning *Trickster* and *District Comics*, explores the adventures of twelve iconic endangered sea animals: hawksbill turtle, bluefin tuna, hammerhead shark, giant clam, manatee, blue whale, coral, albatross, whale shark, monk seal, manta ray, and seahorse. Produced in cooperation with the non-profit PangeaSeed, these gripping stories instill a passion to conserve our magnificent sea creatures.

PangeaSeed's mission is to contribute to the protection of sharks and the preservation of our oceans by taking responsible action, increasing public awareness, and providing education that encourages environmental activism and sustainable consumption choices.
