Celestial Navigation for Yachtsmen Mary Blewitt

There is deep mystery and profound satisfaction in finding your position on earth by reference to the sun, moon, and stars--not to mention profound relief when the GPS receiver stops working in mid-passage. That is why knowledge of celestial navigation is still a rite of initiation, and its practice still a favorite pastime among serious cruisers.

That this edition of *Celestial Navigation for Yachtsmen* should appear 44 years after the first British edition and 27 years after its first publication in the U.S. is eloquent testimony to the author's clear, concise explanation of a difficult skill. Through those years, *Celestial Navigation for Yachtsmen* has been the best-known, best-loved primer on the subject throughout the English-speaking world. It successfully teaches sailors who have been demoralized by bigger books. It remains "the famous little book" on celestial navigation.

Among other changes, this edition substitutes the Nautical Almanac for the Air Almanac, discusses the "short" tables based on H.O. 211, expands the discussion in a few areas, fine-tunes it in others, and shows how to advance a line of position for a running fix from sun sights. The only mathematics involved are straightforward addition and subtraction.

Celestial Navigation for Yachtsmen has spawned many imitators over the years, but it's still the best--with this new edition more than ever.

From reader reviews:

Jose Campbell:

Information is provisions for people to get better life, information today can get by anyone on everywhere. The information can be a knowledge or any news even an issue. What people must be consider when those information which is within the former life are difficult to be find than now is taking seriously which one would work to believe or which one often the resource are convinced. If you get the unstable resource then you have it as your main information there will be huge disadvantage for you. All those possibilities will not happen within you if you take Celestial Navigation for Yachtsmen as the daily resource information.

Don Gonzales:

People live in this new day of lifestyle always try to and must have the time or they will get lots of stress from both everyday life and work. So , whenever we ask do people have time, we will say absolutely sure. People is human not really a huge robot. Then we consult again, what kind of activity do you have when the spare time coming to you of course your answer will certainly unlimited right. Then do you try this one, reading publications. It can be your alternative throughout spending your spare time, often the book you have read is usually Celestial Navigation for Yachtsmen.

Douglas Leverette:

As we know that book is significant thing to add our information for everything. By a e-book we can know everything we wish. A book is a range of written, printed, illustrated or blank sheet. Every year ended up being exactly added. This publication Celestial Navigation for Yachtsmen was filled regarding science. Spend your free time to add your knowledge about your science competence. Some people has distinct feel when they reading some sort of book. If you know how big advantage of a book, you can experience enjoy to read a reserve. In the modern era like now, many ways to get book which you wanted.

Christopher Hickman:

Do you like reading a reserve? Confuse to looking for your best book? Or your book ended up being rare? Why so many question for the book? But virtually any people feel that they enjoy with regard to reading. Some people likes reading, not only science book but novel and Celestial Navigation for Yachtsmen or perhaps others sources were given knowledge for you. After you know how the great a book, you feel need to read more and more. Science reserve was created for teacher or students especially. Those textbooks are helping them to include their knowledge. In some other case, beside science guide, any other book likes Celestial Navigation for Yachtsmen to make your spare time more colorful. Many types of book like here.
