Dark Siege: A Connecticut Family's Nightmare Jason McLeod

You never know what can be lurking in the cemeteries you casually drive by. Kelly McLaughlin, an innocent six-year-old girl, didn't even know spirits existed when an apparition materialized, instantly tapped into her consciousness, and followed her home. It quickly targeted her teenage brother, Tyler. When he and his friends attempted contact with a Ouija board, they inadvertently invited a group of inhuman, diabolical spirits into their lives. These spirits isolated and terrorized the family and their friends until they finally sought out the alpha, the wealthy, real estate broker father, who was a natural skeptic and the last one to believe in ghosts. In this tale of real haunting phenomena, a Connecticut family's home is infested and the family is oppressed by spirits from beyond the grave. Will the McLaughlin's ever get their lives back? Or will these spirits continue to haunt them? This book is a paranormal powerhouse, but what makes it truly unique is that it contains a chapter-by-chapter analysis where McLeod explains spirit activity through Quantum Physics, the Universal Laws of Attraction, Vibration, Intention, and Conscious Manifestation. **Dark Siege: A Connecticut Family's Nightmare** is the most terrifying case of inhuman, diabolical Infestation, Oppression and Possession McLeod has ever investigated. It is a must read for any paranormal enthusiast, investigator, or researcher - and most of all, for anyone who has endured, or who is currently experiencing paranormal activity for themselves.
